

**Hey, I'm a Full Stack Web Developer with a passion for building powerful web applications and working on LLM-based solutions.** I specialize in creating seamless, interactive experiences while integrating cutting-edge AI technologies. Whether it's developing scalable systems or crafting AI-driven apps, I focus on delivering high-performance, user-friendly solutions. Excited to take on new challenges and bring innovative ideas to life!

## EDUCATION

---

- **Swami Keshvanand Institute of Technology** Jaipur, Rajasthan  
*BTech in Computer Science; CGPA: 9.2* Nov 2022 – Present
- **Guru Nanak School Of Excellence, GBSE** Gujarat, India  
*Senior Secondary School; Percentage: 78* April 2022
- **Academic Heights Public School, CBSE** Gujarat, India  
*Secondary School; Percentage: 68* March 2020

## SKILLS

---

- **Languages:** Java, JavaScript, Python, HTML, CSS, C
- **Libraries/Frameworks:** ReactJs, NodeJs, ExpressJs, NextJs, LangchainJs, TailwindCSS, PineconeDB, MongoDB
- **Tools:** Render, Netlify, Vercel, Postman, GitHub

## PROJECTS

---

- **codeXevo**   
**Tech Stack:** React.js, Express.js, Node.js, Firebase, Socket.io, Tailwind CSS
  - Developer-centric platform for real-time coding and collaboration.
  - Features live previews and project-based data saving for seamless experience.
  - Integrates real-time collaboration with Firebase for multi-user interactions.
- **UI4U**   
**Tech Stack:** React.js, Node.js, Express.js, OpenAI, Tailwind CSS
  - AI-powered platform generating real-time UI based on user prompts.
  - Provides easily integrable code for seamless project usage.
  - Enables dynamic UI creation through OpenAI's GPT-3 for various design needs.
- **docChat**   
**Tech Stack:** React.js, Node.js, Express.js, Tailwind CSS, LangChainJS, Groq, PineconeDB, Cohere
  - RAG-based platform enabling document uploads and real-time QA interaction.
  - Uses LangChainJS for document chunking and embeddings for effective retrieval.
  - Incorporates Cohere for enhanced language understanding and contextual responses.

## EXPERIENCE

---

- **DevYut Softech Pvt Ltd** Remote  
*Web Development Intern* July 2024 – August 2024
- **R2logics Technology Pvt Ltd** Remote  
*Web Development Intern* August 2023 – September 2023

## ACHIEVEMENTS

---

- Contributed to **Open Source Communities** on various software projects.
- Received a **Walmart Certification** for Advanced Software Engineering.
- Earned a **Frontend Development** Certificate from HackerRank.
- Solved **180+ DSA Problems** on **LeetCode** and **Code360**.
